In the great Pabst Brewery at Milwaukee, everything is as neat and clean as in your own kitchen. Every grain of barley is washed and scoured before it is made into malt. Even the air in which the malt is grown is washed by being drawn through fourteen zinc screens, over each of which flows a constant stream of pure water.

The great shining copper brew-kettles are washed and sterilized before each brew of

Before it is bottled, Pabat Blue Ribbon Beer is forced through wood liters. The bottles are thoroughly cleaned, then filled and pasteurized, cleanliness, like Pabat purity, cannot be excelled. When ordering beer, ask for Pabst Blue Ribbon.
